1st December, 2011

Dear *Prof. Pradipta Banerji,*

Sub: Doctoral and Post-Doctoral opportunities at IIST

On behalf of Dr. K. S. Dasgupta, Director, Indian Institute of Space Science and Technology, I am honoured to send our hearty compliments to you and inform you about our Doctoral and Post-Doctoral Programmes. Dr Dasgupta told me, he would get in touch with you in a few days time, after his return from a long tour.

As you are aware, Indian Institute of Space Science and Technology (IIST) was established under the Department of Space in September 2007. IIST envisions the integration of Space Technology and Space Science educational programs with basic and applied research for meeting the national R&D requirements of science and technology in general and of the Indian Space Programme in particular. The Institute provides a vibrant research atmosphere and offers doctoral and post-doctoral programmes.

Doctoral Programme: (*The last date for receiving the Applications is 20 December 2011*)

Currently fifty plus highly motivated PhD Scholars are pursuing their research in streams related to Aerospace Engineering, Astronomy & Astrophysics, Atmospheric Sciences, Avionics, Chemistry, Earth System Science, Mathematics, Physics, and Remote Sensing. We have recently advertized for the PhD Programme admissions for session starting February 2012. The details are given in the enclosed Poster.

Post-Doctoral Programme: (*The last date for receiving the Applications is 15 January 2012*)

To take research activities to the next level, IIST has initiated a Post-Doctoral Programme. Applications from fresh PhD candidates with excellent academic records are sought in the following five areas:

- Theoretical Molecular Physics
- Development of Electro active polymers for space applications
- Star Formation
- Delay Tolerant Networking
- Hyperspectral Remote Sensing

The details are given in the enclosed Poster.

The details of our PhD and Post-Doctoral Programmes can also be found at: www.iist.ac.in. I request you to kindly display/circulate this among the interested candidates and encourage them to apply.

With best regards,

V. Adimurthy
