## About ISRMTT

The Indian Society for Rock Mechanics and Tunnelling Technology (ISRMTT) aims at promoting cooperation amongst engineers and scientists for the advancement and dissemination of knowledge in the field of Rock Mechanics and Tunnelling Technology. This includes the allied fields of Geotechnical Engineering, Engineering Geology, Civil and Mining Engineering and their practical applications as field or laboratory testing or instrumentation and computer aided analysis and design. It achieves its objectives by conducting workshops, seminars, training courses and lectures by eminent persons in this field. It also publishes a biannual journal and a biannual news bulletin.

ISRMTT has over 1850 life members, 50 institutional members, 20 executive committee members, 2 honorary fellows, 7 local chapters and 30 editorial board members from India and abroad.

The first and inaugural Indian Rock Conference – INDOROCK 2000 was conducted by ISRMTT in the year 2000. The Second Indian Rock Conference – INDOROCK 2009 was organised by ISRMTT in association with CSMRS, New Delhi during 12-13 November 2009 at CSMRS New Delhi. This third Indian Rock Conference: INDOROCK 2011 is being organised by the ISRMMT Roorkee Chapter at IIT Roorkee.

## Objectives of INDOROCK- 2011

The Himalayas provides an actual field laboratory for rock mechanics studies. Infrastructural and hydro power development activities are being conducted in the Himalayas at very fast pace. Challenges are being faced in planning, designing and construction of these projects. In the light of the above, the following objectives have been set for the conference:

- Exposure of rock engineering subject to the designers and field engineers, researchers and manufacturers of the equipment in respect of latest developments. To interact and share the experiences with the eminent experts.
- To showcase new testing techniques and equipments.
- To address and motivate the interest on use of rock engineering for better understanding of the various aspects of tunnels, underground construction, rock

slopes, laboratory and field testing, rock foundation and instrumentations works to be carried out in the Himalayan range.

## Themes for INDOROCK 2011

Original papers are invited on all areas of Rock Engineering and Tunnelling Technology. Conference themes include:

- Strength and deformational behaviour of rocks and rock masses,
- Landslides, rock slope stability and risk assessment studies,
- In-situ, laboratory and geological investigations,
- Applications of investigation data for planning and designing,
- Underground design, construction techniques and management,
- Recent developments in tunnelling techniques,
- Instrumentation and monitoring,
- Numerical modelling,
- Case studies and other relevant topics related with rocks and rock masses.

## Call for Papers

Authors are requested to submit a 200 words abstract, which will constitute the basis for preliminary acceptance. Abstracts must be submitted in PDF or word format to our e-mail address [isrmtt.roorkee@gmail.com](mailto:isrmtt.roorkee@gmail.com). All correspondence shall be made through email.

As many papers as possible will be given time for oral presentation at the conference. In the event of large response, poster session may also be planned. Notification of acceptance of abstract and instructions to authors will be issued for full length paper preparation.

## Publication

Full papers will be included in the conference proceedings. The proceeding of the INDOROCK 2011 will be distributed to all registered delegates in the

conference. A CD of all the papers will also be given to all the conference participants.

## Important Dates

Abstract Submission	April 30, 2011
Acceptance of Abstract	May 16, 2011
Paper Submission	August 16, 2011
Acceptance of paper	September 5, 2011
Conference Dates	October 13-15, 2011

## Registration Fees

ISRMTT Members	Rs. 4000/-
Authors of Papers	Rs. 4000/-
Non-ISRMTT Members	Rs. 4500/-

Registration fee includes conference kit, working lunches and teas. Accommodation can be arranged on first come first request basis in guest houses and hotels. **Accommodation charges are not included in the registration fee.**

## Sponsorship Fees

Platinum Sponsorship                      Rs. 2,00,000/-  
(With 9 free delegates and one page advertisement)

Golden Sponsorship                         Rs. 1,00,000/-  
(With 6 free delegates and one page advertisement)

Silver Sponsorship                          Rs. 50,000/-  
(With 3 free delegates and half page advertisement)

Conference Support                         Rs. 25,000/-  
(With 2 free delegates and quarter page advertisement)

The sponsors will also get a copy of the proceeding and CD for their use. The materials relating to the publicity of their organization can also be handed over to organisers to be included in the registration kit.

## Mode of Payment

Payments should be made through multicurrency cheques or bank drafts. The draft should be made in the name of **ISRMTT Roorkee Chapter** payable at Roorkee.
