

Cloud Computing: Trends and Security Concerns

Date : 30 July 2011 (Friday)

Time: 4:00 pm

Venue : E&CE Auditorium

By: Shreyas Kumar, Senior Software Engineer, Oracle HQ, California

Abstract of the talk: The talk will begin with introduction and recent trends in Cloud Computing. It will include the challenges particularly those related to security. The students, who wish to work in the area of Cloud Computing, can get to know about the leading companies working in this area. At the end of the talk, you can also ask questions about your study abroad plans.

About the Speaker: Shreyas Kumar is a Senior Software Engineer at Oracle HQ at Redwood Shores, California. He completed his B. Arch. degree from IIT Roorkee and Masters degree in Computer Science from Texas A&M University, College Station. In 2003, has been one of the 20 people selected on a world competitive basis for the Rotary Foundation Ambassadorial Scholarship. He is currently pursuing his PhD in Computer Science at University of California, Santa Cruz. His research interests include Security in Cloud Computing, and Cyber Warfare. He is one of the early donors and a program chair of IITR Heritage Foundation.

Planned duration of the talk is 30 minutes, followed by 30 minutes for Q&A.
